#### **The Trip**

Our trips are designed for on and off road riding (off-road riding is optional). Off-road options are of moderate difficulty and are suited to those with dirt bikes equipped to carry bags. A minimum off-road riding experience is required for off-road tours.

#### **Luggage**

For both the driver and the passenger we recommend the following : a waterproof jacket, waterproof pants and waterproof gloves that have some protection, motorcycle boots, helmet, a back support, long underwear (depending on the season), a bathing suit and a bath towel. Any other personal effect should be kept to a minimum in order to travel as lightly as possible.
